Good Morning Jean,

I have received three copies of the Certificate of Publication for the Arkwood Public Notice. The publication date was November 10, 2011. A copy of the Certificate is attached (the length of the notice caused the bottom portion to be cut off the scan). I assume you would like an official copy - do you want it sent to your office in Wisconsin or San Francisco? Do you need two copies (to send one to Shawn)? Let me know at your convenience.

Best Regards,

*Jim*
